Writing their Worries Away

Drogheda's own Loving Life Choir has launched its latest project bringing children aged 6 to 17 from the Moneymore area in Drogheda together to write a song about their lockdown experiences and hopes for the future.

Foscadh Housing spokesperson said the song writing project provides an opportunity for children to work together to express their feelings about how lockdown has affected them.

"The pandemic has had a unique impact on children and this song writing project lets choir members express their thoughts and feelings about their experiences and find inspiration through lyrics and music,"

Everyone one is looking forward to hearing the final piece.
